AMENDMENT A

Honorable Commissioner of Patents and Trademarks
Washington, DC 20231

Sir:

In response to the Office Action mailed 2002 March 20, please
amend the above-identified Application as follows:

SPECIFICATION, Background:

p.3 line14: add the following sentences after the end of line 14:

---US Patent 2,075,900 (1937) to Jackson, "Parking Device", has a
structure of elements which solves the problem of a backing-up driver
whose own vehicle blocks the driver's direct view of whether the
driver's own rear-bumper is aligned relative to the rear-bumper of a
second vehicle located within 2 feet to the right of the driver's own
vehicle, such as is encountered before backing into a vacant parallel-
parking space on the driver's right-hand side. The structure of the
Jackson parking mirror device requires the physical region located two
feet to the right of the driver's own rear-bumper as an element. It
